Education

VIT Bhopal University, Bhopal | GPA: 8.58

October 2022 - Present

Bachelor of Technology in Computer Science and Engineering, Specialization

in Cloud Computing and Automation

St. Columba's School, New Delhi | Percentage: 71%

2021 - 2022

12th (CBSE)

St. Columba's School, New Delhi | Percentage: 82%

2019 - 2020

10th (CBSE)

Technical Skills

Languages: Java, Python, SQL, JavaScript, HTML, Tailwind CSS

Frameworks: React.js, Node.js, Express.js

Developer Tools: Git, GitHub, VS Code, Visual Studio, IntelliJ IDEA

Libraries: Pandas, NumPy, Power BI

Relevant Courseworks: Data Structures and Algorithms, Database Management System, Object Oriented

Programming, Computer Networks, Operating System

Projects

Netflix Data Analytics | Advanced SQL, MySQL, CTEs, Power BI, Window Functions

May 2025

- Leveraged advanced SQL concepts like **joins**, **subqueries**, **CTEs**, and **window functions** to analyze Netflix viewing trends and content performance.
- Designed and implemented **ETL pipelines** to convert raw datasets into normalized structures for efficient reporting and analytics.
- Integrated **Firebase Authentication** and **Cloud Functions** for secure user sign-in and real-time backend communication.
- Developed Power BI dashboards to visualize viewer engagement, genre popularity, and watch patterns for strategic insights.

Cricket Data Analytics | Python, Pandas, NumPy, BeautifulSoup, Selenium, Power BI

January 2025

- Developed an analytics pipeline using Python, Selenium, and BeautifulSoup to scrape and clean 10,000+ data points from cricket sources.
- Transformed data using Pandas and NumPy for structured statistical analysis and trend insights.
- Built **Power BI dashboards** with filters and KPIs to visualize match outcomes, player performance, and predictive insights.

EduTrack | React.js, Node.js, MySQL, Redis, WebSockets, JWT, Firebase

May 2024

- Built a role-based education platform using **React.js**, **Node.js**, and **MySQL**, enabling real-time course tracking and secure user management.
- Implemented JWT authentication, Redis caching, and WebSocket-based CRUD operations for fast and secure access.
- Integrated Firebase for authentication and deployment, achieving 99.9% uptime for 1,000+ users.

Achievements and Certifications

- Elected as School Head Prefect (Beige House), coordinated 10+ inter-house events and led student operations with strong organizational and leadership skills.
- Took part in National Mathematics Olympiad and secured 3rd position in school.
- Completed AWS Solutions Architect Associate Certification Program course from Ethnus.
- Completed **GEN AI Using IBM Watsonx** course from IBM.
- Interests include problem solving, Football, and Chess.
